Attorney Docket No. 08563-0140
Application No. 10/067,155

Dr. Kim is added as a result of a Settlement Agreement in the lawsuit, Dentsply International, Inc. v. Earth City Technologies, Inc., United States District Court for the Eastern District of Missouri, Eastern Division (Case No.: 4:01CV00173HEA). During prosecution of the lawsuit, certain facts were brought to light to indicate that Dr. Kim is a co-inventor of the application as a result of contributions to at least one of the claims of the subject application made during the development of the invention by Ms. Hickok. Nevertheless, this omission was erroneous and without deceptive intent. The assignee of the application has thus acted to comply with 35 U.S.C. §116 and 37 CFR §1.48, to correct inventorship by providing the required declarations, chain of title and other documents to add Dr. Kim as the inventor.

If any questions remain regarding the addition of Dr. Kim as an inventor, the U.S. Patent Office is requested to contact the undersigned.

CONCLUSION

The Commissioner is hereby authorized to charge indicated fees and credit any overpayments to Deposit Account No. 50-1059.

Respectfully submitted,

K. Scott O'Brian
